

Model No: W6220GAS

## **COMPLIES WITH:**

- ADA compliant and meets Handicapped Accessibility Standard ASME A117.1 of less than 5 lb. force pressure requirements.
- (Contact Delta Representative for State and/or Local Approvals)
- CGA/AGA approved and tested to ANSI Z21.15 and CSA 9.1. (GAS)

## **Hose Cocks**

Two ball valves assembled at 90 deg. in deckmount turret- assembled shank

brass locknut

raised lockwasher for positive grip-- vandal resistant locking pins on turret(can be removed in field if not required)

## SPECIFICATION:

- Ball valve hose cock(s)
- Floating ball-type design
- Universal 10 serration vandal resistant nozzle with 3.2mm(1/8") outlet removable with flat on one side
- Forged brass non-removable vandal resistant handle (ADA compliant) obvious on/off positions
- O-ring seals
- Check piston located in nozzle to prevent contamination of service lines and valve sealing surfaces (with exception of vacuum service)
- Vacuum valves supplied with corrosion resistant ball and viton o'rings for improved durability
- · Rated to maximum 125 psi testing pressure
- Coloured index button to suit desired service
- Maintenance free- no need to regrease sealing surfaces or take valve apart
- 10 year warranty-every ball valve carries its date of manufacture on the underside of the body
- Use of this ball valve above 40 psi requires special clamping procedures by others to ensure that any hoses attached to nozzle do not blow off
- Life cycle tested to up to 100,000 cycles
- Two ball valves assembled at 90 deg. in deckmount turret- assembled shank,brass locknut, raised lockwasher for positive grip-- vandal resistant locking pins on turret(can be removed in field if not required)
- Chrome Finish
- Assembled Shank: Shank (L)
- Overall length 4.44" [was SH1](2.84" exposed)
- Indexed For: GAS Natural Gas(Blue)
- Shank With 1/4" IP tailpiece and coupling nut(Standard)

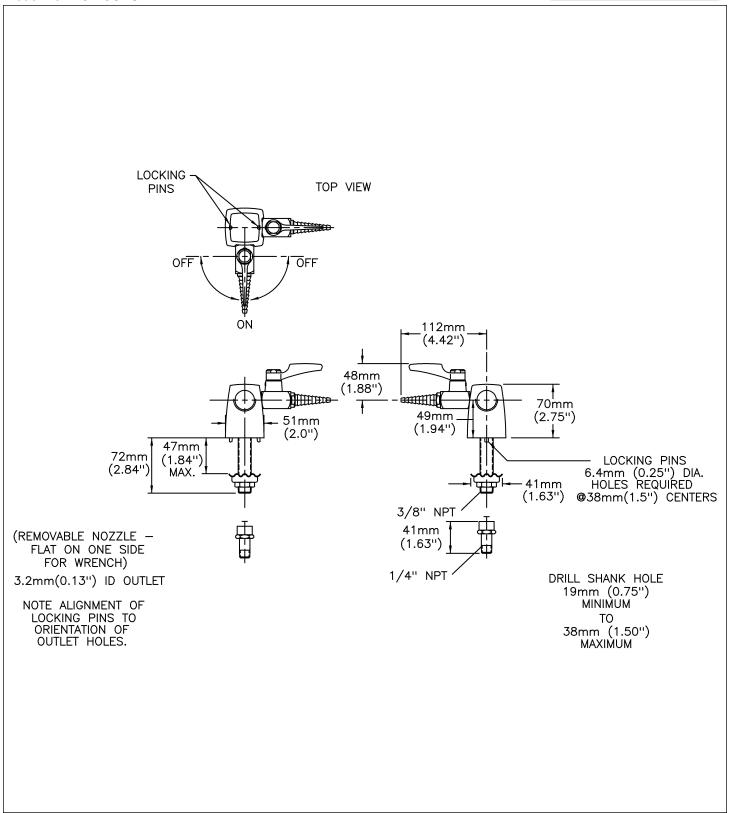

## **OPERATION:**
