## SaniGuard® ADA Compliant Handle Assembly “SG” Variation

# B-73-ASG

### ► Description

SaniGuard coating is an inorganic coating offered by Sloan Valve Company on Flushometer Handles and Bedpan Washer Spray Arms that will last a lifetime. SaniGuard is composed of an anti-microbial agent in a powder coating Enabling SaniGuard's antimicrobial technology to be built right into our products

SaniGuard utilizes a tri-modal efficacy unique to silver-based antimicrobials to disrupt the metabolic and reproductive systems of the microorganism. In doing so, SaniGuard provides the Sloan Manual Flushometer with a permanent protection that inhibits the growth of many bacteria, molds, mildew, viruses and other odor-causing microorganisms.

### ► Ideal for use in:

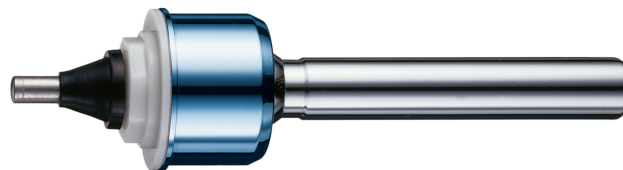

- Hospitals and Medical Centers
- Schools and Day Care Centers
- Food Service and Restaurants
- Nursing Homes
- Other Public Restroom facilities

The goal of using the SaniGuard Handle Assembly is to improve hygiene.

When ordering a Sloan Flushometer with the SaniGuard handle please specify the “SG” Variation (i.e., Royal 110-SG).
