

## Rotors

*The new Toro® T5 Series Rotor has the features* to satisfy all your basic irrigation needs while surprising you with a few extras. In the same size body as competitive units with only a 4" pop-up, the new T5 delivers a full 5 inches of pop-up height. Part and full-circle arcs are all in one sprinkler with a quick and easy top adjustment feature that allows arc sets between 40 – 360 degrees. The nozzle tree offers standard angles, plus a low angle set. Both offer a wide selection of flows. Nozzles are balanced allowing for the use of any nozzle on the same zone where different arcs are being irrigated at the same time. This multi-purpose rotor packs a lot of convenience into one competitively priced unit. For those day-in and day-out installations, the T5 is the only rotor you'll need.

### Features & Benefits

#### 5" Pop-Up

Easily replaces many competitive units in the same footprint but delivers an extra inch of pop-up.

#### Standard Rubber Cover

The top of the sprinkler is covered with a heavy duty rubber cover to minimize impact injuries and reduce liability.

#### Nozzle Tree

The T5 comes with a full nozzle tree of 8 standard nozzles (25°) and 4 low angle nozzles (10°).

#### Optional Check Valve

An optional check valve is available with a hold back strength of 7' of elevation change.

#### Top Adjust Arc Set

The T5 can be set between a minimum arc set of 40° and a full circle set of 360°. Arc changes are made from the top of the sprinkler while popped up or down by using a small slotted screwdriver.

Model	Description
• T5P	5" Lawn Pop-up w/o check valve
• T5S	Shrub
• T5HP	High-Pop
• T5PCK	5" Lawn Pop-up w/ check valve
• T5PE	5" Lawn Pop-up w/o check valve-effluent
• T5PCKE	5" Lawn Pop-up w/check valve-effluent

Dimensions			
Lawn Pop	Shrub	HP	
• Body Diameter: 2 1/4"	2 1/4"	2 1/4"	
• Cap Diameter: 2 5/8"	N/A	2 5/8"	
• Height: 7 1/2"	7 3/4"	16 7/8"	

Operating Specifications	
• Radius: 25'-50'	
• Flow Rate: .76 – 9.63 GPM	
• Recommended Operating Pressure Range: 25-65 PSI (max.– 75 psi)	
• Trajectory: 25° standard, 10° low angle	
• Pop-up to nozzle: 5"	
• Inlet: 3/4" NPT	
• Factory installed with a #3.0 nozzle	

Options Available	
• Check valve	

Warranty	
• Five years
